Title of Proposal: Nonnative Fish Control: Translocation of Northern Pike from the Yampa River

Strategies/Dates:

1. **Meetings.** Routinely meet with directly affected interests (Yampa Partnership, including angler subgroup) to discuss proposed project and gain mutual understanding and approval.

Responsibility: Project Team Leader(s) and State of Colorado

Completion Date: Ongoing

2. **News Media.** Send news releases on project activities as appropriate.

Responsibility: I&E Coordinator/Tom Nesler

Completion Date: Ongoing

3. **Educational Signage.** Educational sign(s) are needed at the translocation site (Yampa State Wildlife Area ponds and possibly Rio Blanco Lake. The purpose of the sign(s) is to inform anglers about the translocation program and why it is occurring and to notify them of any state regulations and reporting procedures they should be aware of.

Budget: \$2,000 (Recovery Program annual funds)
